* "Complete" means that smoking is not permitted, with no exemptions allowed. Ventilation and any form of designated smoking rooms and/or areas do not protect from the harms of second-hand tobacco smoke, and the only laws that provide protection are those that result in the complete absence of smoking in all public places. ¹Smoking is banned by law, with an exemption for indoor or enclosed workplace accessible by one person only, where smoking by that person is allowed. However, this exemption has never been applied in any workplaces as of today in Vanuatu.

Subnational laws on smoke-free environments

Subnational jurisdictions do not have the authority to adopt laws that ban tobacco smoking in any or all of the places mentioned above.
